

## REMARKS

Favorable consideration and allowance of the claims of the present application are respectfully requested.

In response to the Office Action dated October 12, 2006, applicants provisionally elect, without traverse, a first species of claims, comprising Claims 1-9 and 12-14, which read on the embodiment depicted in Figures 1 and 2(a)-2(b) and 6(a).

Respectfully, applicants submit that Claim 1 is a generic claim in that a second species directed to Claims 15-21 and 23-24 is the exact same structure as first provisionally elected species Claims 1-9, 12-14, however, does include an additional heat transfer element (element 110, Fig. 3) as described at paragraph [0024] of the present specification.

Wherefore, consideration and allowance of the claims of the present application are respectfully requested.

Respectfully submitted,
